KKU organizes the International Exchange Program 2016 (KKU-UNTAG)

(International Student Activity)

On October 12, 2016, Assoc. Prof. Dr. Nawarat Wara-aswapati Charoen, Vice President for International Affairs and personnel from the International Relations Division welcomed Indonesian students at the International Exchange Program 2016 (KKU-UNTAG) organized by the International Relations Division. The program is a student exchange activity between Khon Kaen University (KKU), Thailand and Universitas of 17 Agustus, 1945 (UNTAG), Indonesia. The program aims to promote and support students from both universities to explore opportunities through academic exchange during study visits between the two institutions as well as to have social and cultural exchanges while learning together. This year, four students and two lecturers from UNTAG, Indonesia participated in the program during October 11-12, 2016.

KKU organizes the International Student Orientation for the Public Health Personnel and welcomes 26 students from Myanmar

(International Event/Activity)

On October 18, 2016, Assoc. Prof. Dr. Kittichai Tiratanasirichai, President of Khon Kaen University together with Assoc. Prof. Dr. Nawarat Wara-aswapati Charoen, Vice President for International Affairs, Asst. Prof. Dr. Somsak Pitaksanurat, Dean of the Faculty of Public Health, and administrators, welcomed 26 students from Myanmar who have visited KKKU for studying in the Master of Public Health Program (International Health) under the Public Health Personnel Capacity Development Program. This program aims to develop excellent expertise of students through the meticulously designed course. This program is funded by the United States Agency for International Development (USAID). In addition, the Faculty of Public Health, KKKU has academic collaboration with International Rescue Committee (IRC) in order to produce personnel with international orientation in public health and build networks with international organizations.
